

Window/Wall Cooling Only Air Conditioner with remote control, auto swing, modern grille, timer, sleep mode, blue shield fins and auto restart. (5.3kW cooling – 2.0 stars MEPS 2011)

RRP AUS \$1,199.00

Product Details

FEATURES

Air swing auto/manual	Auto restart In the event of an interruption in power supply the unit will restart with the same settings that were selected prior to the power outage	Manual operation	Sleep mode
Wireless remote control	5 year comprehensive residential warranty Refer to the warranty terms and conditions in the brochure or on the product's warranty card	Cooling only operation Combined with dehumidification and fan only modes ensures comfort in your home	24 hour timer Program your air conditioner to turn on and off automatically

BENEFITS

Simple, economic and reliable Because there are no separate indoor and outdoor units, it's easier to install a window/wall cooling only model. And because it's a Kelvinator, you know it is reliable and built to last.	Control from your armchair The remote control unit lets you conveniently control all functions
Fresh air delivery The fresh air return provides additional ventilation to your room and can also assist in humidity control. The easy-to-service dust filter removes dust and other larger airborne particles for cleaner air.	Compact The super compact design means that window/wall cooling only air conditioners are discreet and unobtrusive in your home. They are also perfect for cooling smaller family homes and space-restricted areas.
