

90cm electric freestanding oven with 5 zone ceramic cooktop, multi-function 8 oven, AirFry, 125L gross capacity, and Hob2Hood.

Product Details

FEATURES

AirFry	Fast Heat Up	Twin Fan System	Telescopic runners
Large 125L gross oven capacity	2.3kW powerful zone	Triple Zone	Hob2Hood
Dual Zone	Cooler touch door For added safety and confidence in the kitchen, our cooler touch door is beautifully designed with a large window, so you can keep a close eye on your cooking.	Programmable timer	Hot surface indicator
Triple glazed oven door glass	Handy storage compartment Extra storage always comes in handy, so with a clever storage compartment you can easily stow away any extra pots and pans.	Fingerprint resistant stainless steel	Clip-on plinth included

BENEFITS

AirFry for that perfect, crunch
When a food craving hits, make healthier and delicious food right in your oven with minimal oil. Deliver all the flavour and none of the guilt. AirFry allows you to make healthier, tasty meals for the entire family right in your oven.

Fast heat up time
Every moment counts, so while your oven heats up super-fast you can save time and get on with cooking the dishes you and your family love.

Twin fan system for even cooking

Cook each dish to perfection with the Twin Fan System. Fans rotate in opposite directions, distributing heat evenly throughout the oven, so you enjoy great results every time.

Designed for ease and safety

Telescopic runners are another piece of thoughtful design that makes it easy to draw racks out and safely check on your dishes during cooking.

All the room for all your family favourites

If you are serious about creating delicious family feasts and you love entertaining, you'll be right at home with our 90cm oven with a generous 125L gross capacity. That's plenty of room for the biggest Christmas turkey or a weekend roast for all the family. The extra width makes getting things in and out super easy.

Triple zone, for pots of different sizes

Whether you're using your smallest pan or your larger pot there's an extra large cooking zone to handle them all. With the ability to adjust its diameter into three sizes, this unrivalled flexibility gives you the freedom to create your best meals yet.

Clear the air with Hob2Hood

With Hob2Hood technology, compatible rangehoods work seamlessly with your Freestanding cooker to clear your kitchen of cooking smells and steam. As you start cooking, the rangehood will automatically turn on then intuitively adjust the fan speed and airflow to match your cooking. How's that for hands-free convenience?

Built in Australia

Westinghouse, has been the heart of the home for generations and the kitchen appliance brand we have always known and trusted to build reliable products. This oven is built in a local factory in Adelaide.
