

Designed to offer powerful suction, outstanding filtration and ease of use. Its sealed filtration system and HEPA filter allow Ultraflex™ to capture up to 99.99% of dust particles, whilst its thoughtful design makes it a very easy vacuum to operate and store. Ultraflex™ Animal Allergy is ideal for asthma or allergy sufferers and pet owners.**

RRP AUS \$549.00

Product Details

FEATURES

Powerful Turbo Cyclonic Technology Designed to spin the air at an impressive speed of 140km/hr, the turbo cyclonic action ensures dust is suctioned and separated inside the vacuums cyclone.	Twin Inlet Channels The smooth surface of the inlet channels efficiently drives the airflow towards the turbo cyclone, thus optimising airflow and suction.	AeroPro Extreme Technology nozzle Ideal for hard floors and carpet.	AeroPro Turbo Nozzle Ideal for pet hair pick up from carpeted surfaces.
AeroPro 3 in 1 accessory tool Features a dusting brush, crevice nozzle and upholstery tool, all in one.	HEPA filter with active carbon For outstanding filtration	Combination clip Clip on hose to reduce storage	2 Parking positions For easy and compact storage
LED display Highly visible LED to show suction power level (5 different levels to suit different surfaces)	Platinum Service This product is entitled to Platinum Service, a premium offering to enjoy peace of mind after purchase. Benefit from a direct product replacement in the unlikely event of a major product fault. T&C's apply. Call the Platinum Service line on 1300 365 305		

BENEFITS

Excellent filtration

Good filtration is not just about the HEPA filter, dust leakage can occur in other parts of the machine even if the vacuum uses the highest filter type. UltraFlex uses a range of HEPA filters in combination with a sealed filtration system to ensure dust or micro-particles don't leak at any point of their journey throughout the machine. The result, 99.99% of dust particles** and allergens are captured

Powerful suction

The twin inlet channels optimise airflow and suction whilst the turbo cyclone spins air at an impressive 140km/hr to efficiently separate the dust.

Outstanding design

Offering a compact and light design UltraFlex is very easy to glide and store. Its front multi-directional wheel allows you to move the vacuum in any direction and its clip-on hose reduces storage space. UltraFlex can also be stored horizontally or vertically, giving you more flexibility. Lastly, UltraFlex has an extended cleaning reach of 12 metres to allow you to clean large areas without having to change power points.

Easy to empty dustbin

Dispose of dust quickly and easily with the easy to empty dustbin.

Great performance on multiple floor types

UltraFlex includes the AeroPro Extreme nozzle which is suitable for both carpets and hard floors and features a V shape design to increase airflow and suction.

Ideal for pet owners

Aside from the AeroPro Extreme nozzle for carpet and hard floors, UltraFlex Animal Allergy includes a turbo nozzle which is ideal for pet hair pick-up. The turbo nozzle features powerful turbine driven bristles that reach deep into the carpet achieving a gentle brushing action that does not harm the surface

Platinum Service

This product is entitled to Platinum Service, a premium offering to enjoy peace of mind after purchase. Enjoy fast access to a dedicated team of experts 7 days a week. Benefit from a direct product replacement in the unlikely event of a major product fault. T&C's apply. PRODUCT INFORMATION

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux Home Products Pty Ltd (Australia) and Electrolux (NZ) Ltd (New Zealand) will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Colours of products illustrated are as close as printing limitations allow. Electrolux will at all times comply with its obligations pursuant to law including Trade Practices (Australian Consumer Law) Act and Regulations.

WARRANTY

This appliance is warranted against manufacturing defects in Australia and New Zealand for 24 months following the date of original purchase of the Appliance, where the Appliance is used for personal, domestic or household use (i.e. normal single family use) as set out in the instruction manual. Where the Appliance and accessories (including nozzles, brushes or other cleaning attachments) are used for commercial purposes, the Appliance will then be warranted against manufacturing defects in Australia for 3 months and in New Zealand for 3 months, following the date of original purchase of the Appliance.
