

86cm integrated rangehood in dark stainless steel with inverter motor, Hob2Hood, and maximum airflow of 830 m³/hr.

Product Details

FEATURES

Inverter motor	830m3/hr powerful extraction	Hob2Hood	3 fan speeds plus PowerBoost
Delay off	Clean Filter indicator	LED lighting	Dishwasher safe filters

BENEFITS

3 YEAR WARRANTY
Because peace of mind should last as long as great design, this product has three years of trusted Electrolux support.
*Available for purchases after 1 March 2026.

THE QUIET ACHIEVER
Electrolux hoods with inverter technology remove cooking odours from your kitchen air at noise levels as low as 42 dBA*, so you can focus on cooking delicious dishes in a cleaner and quieter environment. Inverter motors are also more durable and energy efficient than traditional motors.*Based on internal test TR000071828/A

LET'S CLEAR THE AIR
Whether you're frying, searing or steaming, efficiently remove cooking vapours and odours from your kitchen in minutes. The powerful motor with high extraction airflow rate of 830m/hr* clears the air quickly and quietly.*Based on internal test TR000071828/A

The hands-free hood
When paired with a compatible Electrolux cooking hob, Hob2Hood automatically switches it on as you start cooking and adjusts the fan speed based on how you are using your hob. This means you can boil, sear or stir-fry without having to touch your hood with greasy fingers.

EXTREME EXTRACTION WHEN YOU NEED IT
When your kitchen fills with smoke or strong aromas, PowerBoost kicks into high gear for maximum extraction power instantly, clearing the air fast so you can keep cooking without the haze or lingering smells.

FRESH AIR EVEN AFTER YOU'RE DONE
Our delayed shut off keeps your hood running for a few extra minutes after cooking, clearing away lingering steam and odours. So your kitchen stays fresh and clean, without you lifting a finger.

LIGHT UP YOUR COOKING

Bright LED lighting allows you to clearly see what's cooking, helping you to adapt quickly to what's happening to the tastes and textures on your cooktop. It's also more energy efficient and environmentally friendly than traditional lighting.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	3
Type of Rangehood	integrated
Nominal width (cm)	86
Finish of Rangehood	Dark stainless steel

DIMENSIONS

Total product height (mm)	329

PRODUCT INFORMATION

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux Home Products Pty Ltd (Australia) and Electrolux (NZ) Ltd (New Zealand) will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Colours of products illustrated are as close as printing limitations allow. Electrolux will at all times comply with its obligations pursuant to law including Trade Practices (Australian Consumer Law) Act and Regulations.

WARRANTY

This warranty only applies to Appliances purchased and used in Australia or New Zealand and used in normal domestic applications and is in addition to (and does not exclude, restrict, or modify in any way) any non-excludable statutory warranties in Australia or New Zealand. All warranties are subject to the conditions set out in the warranty card accompanying the product when purchased.
